

PROJECT UPDATE

I-794 Lake Freeway/Hoan Bridge Project Information

HOAN BRIDGE PAINTING OPERATIONS

As part of the I-794 Lake Freeway / Hoan Bridge project, the Wisconsin Department of Transportation (WisDOT) continues to work on the Hoan Bridge. Painting operations will begin soon on the yellow arches of the bridge and will continue through late fall.

During this period, existing bridge paint will be removed via sand blasting to prepare the steel surface for repainting. New paint will then recoat all exterior exposed steel surfaces. Removal and repainting materials will be caught in a large containment system similar to what is shown in the photos.

Please note there will be daytime noise impacts. Work operations will end around 6 p.m. each day, unless operation requires extended hours.

WHAT TO EXPECT DURING CONSTRUCTION

Be assured that we always work hard to minimize the impact of these events, but, if you have a concern, please do not hesitate to contact us. The project team appreciates your patience during this period of construction in your neighborhood.

***All work is weather dependent and subject to change.**
